The Japanese, courageous and resourceful, have been cruelly visited by Nature's fury.

They will meet this latest disaster as they have so many others, and overcome it.

Baseball "Bribery" Hearing

IT'S QUITE A "BALL GAME" Type of testimony in the Sunday baseball "bribery" hearing ranges all the way from the ridiculous to the sublime, and from brief stinging assertions to long speeches by counsel while a crowded chamber gets an occasional "kick" out of the proceedings such as are sketched here.

Even the serious aspect of the hearing is lost at times when the principals step out of their roles to hang out a "home run" in the nature of a smart retort. It has been necessary on several occasions to silence the gallery when the spectators catch on and break out in long and loud laughter.

Edie Mack at the Boston Garden and told him to "bury the hatchet." This was the signal to release the bars that prevented Carroll from showing any of his stable at Boston Garden, even though his head-attorneys, including Dan Carroll and Joseph P. Dowling, were present.

Such scenes all go up to make the hearing one of the best "shows" of the season from the spectators' point of view.

WILSON DENIES ADAMS TALKED WITH HIM OVER TELEPHONE

Continued from First Page
solicitation of \$65,000 to "oil" the council's voting machinery. Mention at the hearing of Arnold Rothstein, slush gambler, and Abe Attell, gambler and former featherweight boxing champion, led to wide speculation as to the sources that inquire of defense counsel might take in the future, and attracted another crowd of early comers to the Gardner auditorium in the State House, scene of the probe.

Adams Exonerates 'Lily Whites' of Graft Charges
During the course of his testimony, Vice-President Adams offered as "Point A," the first of the 12 conclusions as he took them down over the phone while Judge Fuchs read them out.

Figures in Big Sports
The testimony from City Council members might prove even more colorful than that of Adams and Judge Fuchs was evident today as Councilor Robert Gardner Wilson, Jr., of Dorchester, in a public statement, passed the lie to Adams.

Abe Attell, Noted Gambler, Is Mentioned in Probe
Atty. Walsh created another stir when he skilfully turned a vice-President Adams and salary, "do you know Sport Sullivan?" "Do you know Abe Attell?" were questions hurled at Adams by Attorney Joseph P. Walsh, counsel for William G. Lynch, accused City Councilor.

Naming of Wilson Is Big Highlight on Second Day

In "accounting" for Adams' statement, Wilson declared that before the defense attorneys he received a notification at the office of Charles P. Adams at his early convenience.

She saw a man, who she thought was a burglar, and, shouting an alarm to other occupants, Mrs. Webster gathered the children and hurried to the street where she saw the Corbin '22, of Anderson was visiting. Her husband, Dr. Sarah J. The Public Utilities Commission today handed down a decision dismissing the petition of Messrs. Nichols, merchants and contractors asking that the New York, New Haven & Hartford and Boston & Albany railroads be ordered to build a single union station in the Back Bay.

Rabbi, 73, Keeps Well By Going Swimming 7 Times A Day

New York, Jan. 4 (AP)—Here's a 73-year-old man who for the last seven years has been diving into the water every fifteen minutes, every day except on religious holidays.

He is Rabbi Nahum Weisman of Reshaim. Every day he arises at 2:30 a. m., spends an hour in prayer, drinks a punch, drapes a coat over his naked form, dons a fur cap—in winter weather—sucks on a forty-cent cigarette, enters the water and plunges into the ocean. He usually stays in the water fifteen minutes.

He has been ill only one day in seven years.

Filene's Automatic Bargain BASEMENT for MEN

SH-H-H! HOW'D YOU LIKE TO HEAR ABOUT A STORE THAT'S PLUMB FULL OF BARGAINS?

HOT DOG! WHERE IS THIS PLACE?

MEN—a store filled with bargains for YOU

Don't short change yourself—Mr. Man into thinking that as far as you are concerned bargains are nil—one of the solid pillars of this great business is our men's bargain section.

Mr. goes South every year. Recently he purchased a \$50 famous brand suit here for \$12.50. The suit came from an exclusive Boston store and it was priced \$25 to start with (half its original \$50 price). Because it was a very large size, 48 stout—the suit did not sell until it was automatically reduced 50% to \$12.50.

Visiting in Massachusetts a short time ago a Senator from a Middle Western State heard about Filene's Basement bargains. He walked through and purchased two suits for \$51.25 and a topcoat for \$21.75.

After purchasing an imported English overcoat for \$36 a Boston man wrote a friend in St. Louis about his savings. Then came the request for his Boston friend to send an English overcoat to Missouri. Must be extraordinary bargains!

Six members of a Boston orchestra walked through and cut down expenses by buying tuxedos for \$8.25 which had been automatically reduced from \$11—a well known Boston business man stocks up regularly with white collar attached broadcloth shirts—another buys all his shoes here and gets famous brands!

—and so it goes—opportunity at every footstep—in the separate bargain store for men. If you haven't been here recently better walk through.

Filene's Automatic Bargain BASEMENT

Filene's Basement thrift advocates are frugal, looking by the number of people who walk through Filene's Basement daily. Are missing your share of the extraordinary bargain lots for the family? Walk through where first prices must be low we force through automatic reductions 25% after 12 selling days, 50% after 18 selling days, 75% after 23 selling days. Goods given away to charitable institutions after 25 selling days.

After careful shopping we found similar coats in better matched skins retailing from \$19.50 to \$55.

AIR MAIL LOSING 5 MILLIONS A YEAR

Washington, Jan. 4 (AP)—Decrease of air mail postage rates from 10 to 2 cents an ounce has doubled the postage carried but cut returns to the government in half, and postal officials see little hope of ever operating this business without a loss.

This was the testimony, made public today, of W. Irving Glover, second assistant postmaster general, before a House subcommittee in trying a deficiency appropriation of \$1,000,000 for air mail transportation this fiscal year.

Glover said under the old rate 214,000 pounds of mail was carried in planes last July and that the figure jumped to 423,000 pounds the following month, when the 2-cent rate took effect. He showed the loss to the government at from 55 cents to \$1,000,000 a year, and said that, while the weight of mail carried had equaled those under the former rate, the expense went up as more mail was carried.

OFFICIALS ABSENT

TEACHERS DIE OF LOVE

A teacher who has been married for 10 years and has two children, a son and a daughter, both of whom are now adults, writes:

"I have been married for 10 years and have two children, a son and a daughter, both of whom are now adults. I am a teacher by profession and have been so for many years. I have always been a very devoted wife and mother, and I have always been very happy in my home. But recently, I have been feeling very lonely and sad. I think it may be because I have been working too hard and not spending enough time with my family. I want to know if there is anything I can do to make myself feel better."

Woman Seems Sure of Cabinet Place

Statement of Mrs. Alvin T. Wood Kennedy as a member of President Hoover's cabinet.

WASHINGTON, D. C., Jan. 10. — Mrs. Alvin T. Wood Kennedy, wife of the United States ambassador to France, is reported to be a strong contender for a place in President Hoover's cabinet.

The report is based on a statement made by a source in the White House, who said that Mrs. Kennedy had been invited to a meeting of the cabinet and that she had been given a seat at the table.

Mrs. Kennedy is a well-known social leader and has been active in many public affairs. She is also a member of the board of directors of the American Red Cross.

The report is the latest in a series of rumors about the composition of the Hoover cabinet. It is said that the President is planning to make several changes in the cabinet in the near future.

It is also reported that Mrs. Kennedy is being considered for the position of secretary of the interior. She is said to have been given a tour of the department and to have been impressed with the work being done there.

The report is being widely circulated in Washington and is being taken seriously by many people. It is said that Mrs. Kennedy is a very capable woman and that she would be a valuable addition to the cabinet.

However, it is also pointed out that there are many other women who are also being considered for cabinet positions. It is said that the President will have to make a difficult choice.

At present, the report is only a rumor. It has not been confirmed by the White House. However, it is a reflection of the public interest in the composition of the cabinet.

It is also a reflection of the growing influence of women in public life. Mrs. Kennedy's name is being mentioned in connection with the cabinet because of her social status and her public activities.

It is hoped that the report will lead to a more serious consideration of women for cabinet positions. It is a step in the right direction.

Flu-Grip Checked at the start

Run your chest with Vicks before your little cold gets BIG.

Vicks acts two ways at once to check the cold and prevent complications:

- (1) It is vaporized by the heat of the body and inhaled for hours direct to the inflamed air-passages.
- (2) It acts through the skin like an old-fashioned poultice, "drawing out" the tightness and pain.
